These tasks are related to your 'ID' topic that you did before Christmas. Please choose from one of the following:

- Gather data on your family and friends at home. Measure and record foot size, height, hand span, arm span, middle digit length and the distance from wrist to elbow. Display the data in charts and spreadsheets and look for patterns.
- Create a collage or montage that represents your personality. Use pictures and words from magazines or downloaded images, along with a photograph of yourself.

Topic:

Take fingerprints of your family and friends. Rub the side of a pencil on a piece of paper and ask them to press their finger onto the pencil marking. Stick clear tape onto their finger, then attach the tape to white paper, which will allow you to examine their fingerprint. What type of fingerprint do they have? Can you see an arch? A loop? A whorl? Label each fingerprint with a name and type.
